Bourbon Fair Directors Meet.

Looking forward to the holding of the Bourbon fair in Paris September 6 to 10 inclusive, and adding to the already attractive program, list the directors of the Bourbon County Agricultural Society held a meeting Wednesday in the county court room, President J. M. Hall presiding over the meeting.

It was agreed that the Directors' Premium of \$200 for the best saddle stallion, mare or gelding, which has attracted exhibitors from all over the State, should this year be again offered.

Another premium which will no doubt prove interesting is the one for the handsomest decorated automobile to be exhibited in the show ring. To the first choice a premium of \$25 is offered, to the second \$15 and to the third \$10.

Mr. A. S. Thompson was appointed to succeed Mr. R. J. Neely as a member of the Grounds Committee. The Committee on Music reported that it had engaged Weber's Band of Cincinnati, to furnish the music during the fair.

The directors are making extensive preparations for the holding of the old Bourbon Fair this year, and while the Committee on Amusements has not yet made its report it is safe to say they will secure the best attractions to be had.

No Fight Pictures Says Paris Mayor.

Following the action of officials in several of the largest cities of the United States in putting a ban on the Jeffries-Johnson fight pictures, Mayor J. T. Hinton yesterday declared that should the pictures reach Paris he will not allow them to be produced.

In an interview yesterday Mayor Hinton said if the pictures were produced in this city it would only be the means of inciting racial prejudices, which would most likely result in a clash between the whites and blacks, and that in event of any effort to produce the pictures here he would take this course as a precaution.

The colored population is highly elated because of the victory of the black champion over the white pugilist and it is confidently believed the white would make an effort to resent any demonstration on the part of the negroes. Mayor Hinton believes this the wisest course to pursue and for this reason will not permit an exhibition of the picture in Paris.

Rug Night at the Grand.

Manager Porter of the Paris Grand will give another one of those handsome 9x12 room size Axminster rugs on tomorrow night. This statement alone will be enough to pack the Grand to the doors, as it is a prize which everyone is anxious to get. On Wednesday night the rug was placed on exhibition at the Grand and from the many expressions of admiration it was evident that Manager Porter had again struck the popular chord, and that everyone would try to win the rug.

The rug is a handsome one, being one of the finest ones carried by J. T. Hinton. Remember that everyone purchasing a ten cent ticket is entitled to a chance and that the last ticket purchased on Saturday night is as liable to win the rug as the first one purchased two weeks ago.

Mr. Porter promises some pleasing surprises in the vaudeville line for the next week, and it will be advisable for you not to miss a performance during the week.

Byrd May Run in Tenth.

A. Floyd Byrd, whose name has been frequently mentioned in connection with the Democratic nomination for Congress from the Tenth district has stated that while he does not care to enter into a contest for the nomination he would be willing to accept it under proper conditions and make a vigorous campaign, and that he has been for some time looking over the political situation and is confident that with the nomination coming from a united party can easily win.

Mr. Byrd appeared before the District Committee which met at Beattyville June 28, and expressed himself much along the same lines.

John M. Stevenson, who has been often mentioned for the nomination, has announced that for business reasons he would not be a candidate.

Hyde Sentenced for Life.

Dr. B. C. Hyde, convicted of having poisoned Col. Thomas H. Swope, the millionaire philanthropist, was sentenced to life imprisonment at hard labor Tuesday morning. An appeal to the State Supreme Court was filed by Hyde's attorneys and until it is taken up by the higher court the prisoner will remain in the county jail. The doctor and wife, who had stood by him faithfully, sat side by side and held each other's hands. He took his sentence calmly.

Dr. Ben I. Bruner, Secretary of State has collected to the credit of the State \$13,000 under the law passed by the last General Assembly the fees amounting to about \$13,000 will be placed to the credit of the Good Roads Fund. There are yet about 500 automobile owners who have not paid the tax. The average fee is \$3 a machine although some run as high as \$20 and others as low as \$5.

The News is in receipt of the following from Geo. L. Schon, Superintendent of the Children's Home Society: "Dear Sir—We have recently learned there is a woman collecting in the interest of the Kentucky Children's Home Society. This woman is not employed by our society as collector, and we have no women collectors at the present time. If such person should be seen, please notify us. Yours respectfully, "GEO. L. SCHON, "State Supt."

Predicted Date of His Death.

Dr. W. W. Cleaver, aged eighty-three years, is dead at his home in Lebanon, after a brief illness of paralysis. Dr. Cleaver was one of the oldest and best known physicians in the State and represented Marion county in the Kentucky Legislature in 1891. Dr. Cleaver predicted twenty years ago that he would die on the Fourth of July.

Cuts Throat With Razor.

Moses Gatloff, who shot and killed Deputy Sheriff Gordon Givens near Middlesboro, several months ago, committed suicide in the Pineville jail Tuesday morning by slashing his throat with a razor.

Gatloff, who was badly wounded in his duel with Givens, had been out on bond. His bondsmen, however, gave him up and turned him over to the jailer. He walked into the residence of the jail and while conversing with his wife, opened a hand grip which he carried, got a razor and drew it across his jugular vein.

Attracted by the screams of Gatloff's wife, a crowd quickly gathered and a doctor was summoned, but nothing could be done for the unfortunate man, and he died in a few minutes.

A New Law.

A few days ago the new mechanic lien law passed by the recent Legislature went into effect and makes a radical change in dealings between owners and contractors and material dealers. In the past the material dealers have been so protected by the law that it made little difference whether the contractor was financially responsible or not and credit was given for the asking. Under the new law, however, the material dealer will have to be as careful in granting credit as dealers in any other line of business.

Negro Belongs to Agriculture.

United States Judge Jeter C. Pritchard, of Asheville, N. C., made the opening address of the summer course of the national religious training school and chautauqua for the colored races at Durham, N. C., Tuesday. He advocated the agricultural training of the race in the belief that it would prove of benefit to the morals of the colored race.

Stating that the opening of a school of this kind filled a much needed want, Judge Pritchard declared that the educated colored man was essentially the leader of his race and it was through him that his people might be most effectively reached. Only full justice there and everywhere, he said, could be done the negro by remembering that he had come from slavery, where the dependence upon masters had rendered him ambitious, without education or property.

"The colored man is a citizen of the country," he continued, "and while he enjoys all the rights and immunities of citizenship, he must rely upon himself if he would accomplish the best things in our citizenship. I am thankful to say there has never been a time since emancipation when a majority of the white people of the South was not friendly to the negro, so far as his welfare as a citizen is concerned."

Judge Pritchard advised the colored people to seek the farms. He said one found less radical antagonism in the rural districts. His confident belief was that no class of men were being better treated than the farmer, and he declared that migration back to the farm would eliminate much of the criminal element that cursed the black race.

Improvement Ever Possible. No one can be more profound than he really is. But everyone can learn and strive.—Schumann.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts. He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

Good in Being Well Dressed.
Carelessness in the matter of clothes undoubtedly lowers a man in his own estimation. I don't believe there is a man alive who can preach a good sermon or can be an effective and skillful doer of any good work, if he is conscious that his linen is soiled and his clothes are ill-fitting and worn. There is about the ill-clad man a sense of incompleteness that shears him of his personal power and magnetism.—Dr. Madison E. Peters.

Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic trouble, constipation, but from indigestion, headache, belching, sour stomach, drowsiness after eating and similar annoyances. It is first of all necessary to keep the bowels open and then to tone the digestive muscles so as to get them to again do their work naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, mild, gentle, pleasant-tasting laxative tonic that is especially adapted to the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisner's of Sycamore, Ill., and Mrs. Carrie Culler's of 225 N. Notre Dame street, South Bend, Ind., are now never without it in the house. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

STOCK, CROP AND FARM NOTES.

—The Scott County Board of Control, at a meeting held in Georgetown Saturday, decided not to build a re-dryer here and the secretary was instructed to return checks and notes to the fund. Over \$13,000 had been subscribed, most of it paid in, for this purpose.

—Joseph Frakes shipped sixty head of export cattle, to the S. S. Co., Jersey City, Monday, that averaged 1,425 pounds. They were purchased of John Woodford and Geo. K. Redmon at 6 1/2 to 7 cents.

—Now is the time to sack your grapes. If not already done, it should not be postponed as mildews, fungi and insects may gain a foothold if put off until later. "Crocers" half-pound sacks are the right size and may be had cheaply by the hundred rate. The sacks should be opened, put over the bunch and pinned securely on each side of the stem. No holes should be used for the escape of water, as the little that gets in will evaporate and holes will admit insects and black rot.

Aids to the Digestion.

Where nourishment and health are concerned laughter and good will are vigorous promoters of the digestive functions. The court jester was a valuable piece of dining room furniture in olden times, and a good-natured and cheerful guest, who keeps up a lively and entertaining conversation at table, does more to aid digestion than all the nostrums ever invented.

Growth of Population.

Insurance authorities tell us that it requires about 300,000 new houses every year to supply our increase of population and 80,000 more to take the places of those that are destroyed by fire.

No Loss of Life in the Flood

The three little negro children who were caught in the flood that swept down on the negro suburb of Bucktown in Winchester, as a result of the cloud-burst Monday, although taken from their homes apparently dead, were resuscitated. There was no loss of life in the flood but there were numerous narrow escapes. The damage to property was heavy.

Thinks Democrats Have Chance.

Senator E. E. Hogg, of Booneville, Owsley county, was in Lexington one day this week, and in discussing the congressional race in the Eleventh district, said that the fight was a warm one, and that the probability was that the supporters of Edwards and Powers would not vote for the Republican nominee, in case their man was defeated.

In that event, he said a Democrat who secured the nomination had a good chance of making a race in the district. Senator Hogg declared that Mr. Virgil Smith, a young lawyer of Somerset, was a man of excellent personality and had been mentioned as a probable Democratic candidate.

Mr. James D. Black of Barbourville, he said was well known and would make a good race, but he had been out of politics so long that he did not think he would consent to accepting the nomination.

League Clubs Suffer Severe Losses.

The inclement weather of the past week has worked a hardship with the clubs of the Blue Grass League, and heavy losses in a financial way is the result.

Since Sunday there has been an almost incessant downpour all over the league circuit and few of the clubs have been able to play owing to the miserable condition of the grounds, and besides this others have suffered not a little bit from floods and high water.

The heavy rains in and around Paris have had the effect of swelling the stream that runs in the rear of the Paris ball grounds the high water flooding the park and inflicting such damage that the local club will be at a considerable expense in putting it in the proper condition.

Luckily, however, before the rise, a large force of men was employed at the local park in removing the high board fence which the club officials, profiting by the experience in the flood of February a year ago in which a severe loss was sustained by the water sweeping away a large portion of the fence had taken the precaution in such an emergency to erect the fence so that it would be possible to remove large sections at once, and by this the loss was reduced to some extent.

A number of the large sign boards were damaged by the high water also. The loss to the Paris club cannot be estimated, but the damage occasioned by the high water coupled with the expense to which the club is already placed, the revenue being cut down by the inability of the club to play, the loss will no doubt be exceedingly large.

TUESDAY.

In a poor contest at Shelbyville Tuesday afternoon, the Millers were defeated by Paris by a score of 6 to 2. McCormick did the pitching for Paris and twirled a steady game, having only one bad inning, that being the first, when the Millers pounded out four of their hits which counted for one run.

The Millers played a miserable game in the field, which was of great assistance to Paris in piling up the six runs. Vallandigham was in the box for Shelbyville and was relieved in the seventh inning by Bossom.

No league umpire was present so Becker and Winchell officiated. The features of the game were the hitting of Goodman and McCormick for Paris; the hitting of Kuhn and the fielding of A. Long, Cramer and G. Long for Shelbyville. Score:

Paris..... 0 0 2 2 0 0 0 2 0-6
Shelbyville..... 1 0 0 0 0 1 0 0-2
Batteries—Paris, McCormick and Hicks; Shelbyville, Bossom, Valland-

ingham and Hogan. Hits—Paris 9; Shelbyville 8. Errors—Paris 1; Shelbyville 4. Earned runs Paris 1; Shelbyville 2. Two base hits—A. Long. Base on balls—off McCormick 1; off Vallandigham 2 off Bossom 2. Struck out—by McCormick 7 by Vallandigham 3 by Bossom 2. Stolen bases—Kuhlman, McCormick. Sacrifice hits Kuhlman, Schrec, Barnett 2. Hit by pitcher—Hicks, Seebach. Double plays—McCormick, Hicks, Barnett. Time—3:00. Umpires—Becker and Winchell.

NOTES.

Four hits was the best the Millers could do with McCormick after the first inning.

Hicks did the backstopping against Shelbyville and played the position perfect. He had eleven putouts, participated in a double play and got one out of the nine hits.

The contest was long drawn out and went for three hours.

A total of six runs again and all in bunches of two.

Arthur Long, for Shelbyville, made the only long hit of the game which went for two bases.

Maxwell is doing well on short. Four chances handled perfectly and one bingle was his contribution to the victory of the Bourbonites.

The fielding of Shelbyville was very uncertain and four misplays went down against them. Only one went down against the Bourbonites.

Goodman and McCormick each made two hits. Goodman seems to be getting his eye black after a little slump in his hitting, while McCormick is always pretty safe for a hit in every game in which he participates.

Olie Chapman who for the past year has filled the position of outfielder on the Lexington base ball team, was given his release yesterday morning. He will probably fill a place on some other team in the Blue Grass League. His place will be taken by Ellis, recently secured by the Colts from Winchester.

The Paris Base Ball Club has signed Outfielder Lewis, of Bloomfield, Ind., who reported for duty Wednesday and was sent to Shelbyville to join the club. Lewis, who will fill the position in the left garden, comes upon the recommendation of Thos. Dugger, a former member of the Paris club and is said to be an excellent hitter.

Shortstop Scott is visiting relatives in Cincinnati, where he will probably remain until he is able to again take his position in the game. Several weeks ago during a game in Frankfort Scott sustained an injury and has since been unable to play. A little improvement in his condition in the past few days has been noted but it is probable that he will be out of the game for some time yet.

SCHEDULE.

Friday, July 8—Paris vs. Shelbyville at Shelbyville. Saturday, July 9—Paris vs. Shelbyville at Paris. Sunday, July 10—Paris vs. Richmond at Paris. Monday, July 11—Paris vs. Lexington at Lexington.

Stated Convocation.

A stated convocation of Paris Chapter No. 15, Royal Arch Masons, will be held at 7:30 p. m., Friday, July 8, 1910. Several degrees will be conferred. Full attendance is requested.

Umpire Suspended by President.

Frank M. Cayou the Indian umpire who failed to report for duty Tuesday for the game at Shelbyville was suspended by President W. C. Ussery, of the Blue Grass League Wednesday.

President Ussery has appointed Umpire Rieser of Louisville, as a member of the league staff, and he reported Wednesday for assignment.

Mr. Cayou left Wednesday for his home in St. Louis, where it is reported he has secured a position as vocalist with a leading orchestra in that city.

Lucas Will Umpire in Kitty League.

Desha Lucas, of Paris, former member of the umpiring staff of the Blue Grass League has accepted a like position in the Kitty League and will leave this morning for Paducah at which place he will report for duty on June 11. The Kitty League is composed of the cities of Paducah, Hopkinsville, Vincennes and Clarksville.

Heavy Damage Done in Bourbon.

The storm which broke over Bourbon Tuesday caused damage to the extent of thousands of dollars. The center of the storm seemed to be at Thatcher's Mill, midway between Paris and Winchester, and Strodes' creek is said to have been five feet higher than at any time in history.

The cloudburst came with such suddenness that the swift waters carried away the iron bridge on the Clintonville and Austerlitz pike. One farmer lost a field of wheat he had just finished cutting, and Thos. Henry Clay, Jr., suffered the loss of seventy-five acres of corn, which was waist high and was inundated and covered with mud. Mr. Clay also lost a field of fifteen acres of tobacco beside a number of head of sheep that were swept down stream and drowned.

Great damage was done to turnpikes in Bourbon county. Kelley Haley lost three valuable workhorses which were killed by lightning. The storm broke over that section of the county drained by Houston and Strodes' creeks and both streams were on the highest rampage ever known. Walter Kenney, a farmer near Paris, lost fifteen acres of corn that was inundated by backwaters.

An Impostor.

The News is in receipt of the following from Geo. L. Schon, Superintendent of the Children's Home Society: "Dear Sir—We have recently learned there is a woman collecting in the interest of the Kentucky Children's Home Society. This woman is not employed by our society as collector, and as we have no women collectors at the present time. If such person should be seen, please notify us. Yours respectfully, GEO. L. SCHON, State Supt."

Repairing Being Pushed.
The work of repairing Main street which has been in progress for the past week is being pushed as rapidly as the weather will permit. The work has been considerably retarded owing to the continuous rains but with clearer weather two weeks time will find this work near completion. In several places large sections of the street are being torn up and replaced with new macadam. The composition now used in repairing is mixed on the street. Heretofore it was prepared at the city workhouse and hauled to the street where it was spread. In this manner the composition was given time to cool, with the result that the repairs did not come up to the standard. However, by mixing the composition on the street it is laid and rolled while wet and heated, and is expected to give better results.

Deputy Shoots Three Negroes.
Three negroes were shot, and one of the number is thought to be fatally injured, by a deputy sheriff in Mt. Sterling late Monday afternoon. The negroes were engaged in a fight on the street and resisted arrest.
The participants in the fight were John Glover and an unknown negro of Richmond. The men were fighting in the street when the deputy sheriff attempted to arrest them, they resisted, and were fired on by the officer.
The officer fired four shots, three of which took effect. The Richmond negro was shot in the head and it is expected he will die. Glover was shot in the leg but not seriously injured. Buford Tipton, a negro onlooker, was struck in the side by one of the bullets but he is not believed to be in a dangerous condition.

Police Court.

In Police Court Tuesday morning a number of violators were before Judge January. Will Hitch, a negro porter, at the Fordham Hotel, whose elation over the result of the Jeffries-Johnson prize fight got the better of his judgment, resulting in landlord Beaton inflicting severe punishment upon the colored man in the lobby of the hotel, was before the court on a charge of breach of the peace and was assessed a fine of \$22.50.

John Jones, a negro from Carlisle, who was locked up by Officer Chas. Thomas on a charge of drunkenness, and when searched at the jail was found to have on his person a razor, was given a fine of \$12.50 on the former charge and for carrying a concealed weapon he was given a fine of \$27.50. Jones paid both fines and was released.

Carl Clarke, a negro from Cynthiana was fined \$30 for breach of the peace, and for being disorderly was fined \$12.50 more. James Scott, another negro was fined \$7.50 for being drunk, for the same offense Thos. A. Hearn, white was assessed \$17.50.

Ernest Small, a negro, who had a difficulty with Bess Gilkey, another negro, at corner of Main and Eighth streets, in which the latter was severely cut and may die, had his case continued until Friday and bail fixed at \$500.

Wednesday morning in Police Court, William Barlow and William Tucker, of Carlisle, who were placed under arrest Monday afternoon at the L. & N. depot by Officer Thomas and who gave bond for their appearance, were in court. For carrying concealed weapons Barlow was given a fine of \$27.50 and ten days in jail and Tucker was assessed a fine of \$22.50. Pres. Lanum charged with shooting in the city limits was fined \$14.50.

Delia McMurtrey, a negro woman, who became involved in a difficulty with her husband, Henry Spears McMurtrey, resulting in the woman firing upon her husband with a revolver, the bullet striking the man's glancing lick on the head, inflicting a scalp wound, was arraigned in court and her case continued until this morning. The case of Claude Haines, colored, was also continued until this morning.

MUST BELIEVE IT

When Well-Known Paris People
Tell it So Plainly.

When public endorsement is made by a representative citizen of Paris the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading. Mrs. J. T. Martin, Eleventh and Main streets, Paris, Ky., says: "Kidney trouble in my case was brought on by a fall I received two or three years ago. My back ached until I thought it would break and sharp twinges often shot through my kidneys as if someone were hitting me. I tried various remedies, but could not find relief until I procured Doan's Kidney Pills at Wilson's drug store. After using them one week, I felt like a different woman and I was soon completely cured. I gave a statement for publication in 1903, telling of my experience and at this time I am glad to confirm all I then said in praise of Doan's Kidney Pills. I think more highly of them than ever." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Mailed it All Right.

"Why did you try to mail your letter in a fire alarm box? Don't you know these are regular boxes for letters?" So asked the battalion chief. "Y-ess," blubbered the dazed maid, "but it was for a lad in Engine 16." So the word was passed throughout the department, and when it came off there were quarters and halves enough to furnish a flat near the engine house.—Buffalo Express.

A Wretched Mistake.

to endure the itching, painful distress of piles. There's no need to. Listen. "I suffered much from piles," writes Will A. Marsh, of Siler City, N. C., "till I got a box of Bucklen's Arnica Salve, and was soon cured." Burns, boils, ulcers, fever sores, eczema, cuts, chapped hands, chilblains, vanish before it. 25c at Oberdorfer's.

Pennsylvania's Lapse of Memory.

Forgetting that he had started to draw a gallon of whiskey from a barrel in the cellar, A. C. Hilday, proprietor of the Hotel Hilday, Bloomsburg, Pa., left the spigot turned on and went upstairs. Two hours later he remembered it and hastened there. He found that it had all run away and into the sewer. His loss because of his lapse of memory will be about \$100.—From the Philadelphia Record.

Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayers, of Transit Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes, "my skin was almost yellow; eyes sunken; tongue coated; emaciated from losing 40 lbs., growing weaker daily. Virulent liver trouble pulling me down to death in spite of doctors. Then that matchless medicine, Electric Bitters, cured me. I regained 40 lbs. lost and now am well and strong." For stomach, liver, kidneys its supreme. 50c at Oberdorfer.

Fragile Leaf of Gold.

While a leaf of gold is so thin that it is impossible to measure its thickness, scales have been made which weigh it accurately. One leaf weighs one-fifth of a grain. It is so light that a breath will blow it away. Held to the light, it is translucent and greenish.

A Wild Blizzard Raging

brings danger, suffering—often death—to thousands, who take colds, coughs and grippe—that terror of winter and spring. Its danger signals are "stuffed up" nostrils, lower part of nose sore, chills and fever, pain in back of head, and a throat-gripping cough. When grip attacks, as you value your life, don't delay getting Dr. King's New Discovery. "One bottle cured me," writes A. L. Dunn, of Pine Valley, Miss., "after being 'laid up' three weeks with grip." For sore lungs, hemorrhages, coughs, colds, whooping cough, bronchitis, asthma, its supreme. 50c, \$1.00. Skin and Scalp Troubles Yield to Zemo.

A clean liquid preparation for external use. W. T. Brooks' drug store is so confident ZEMO will rid the skin and scalp of infant or grown person of pimples, blackheads, dandruff, eczema, prickly heat, rashes, hives, ivy poison or any other form of skin or scalp eruption, that they will give your money back if you are not entirely satisfied with the results obtained from the use of ZEMO.

The first application will give prompt relief and show an improvement and in every instance where used persistently, will destroy the germ life, leaving the skin in a clean, healthy condition.

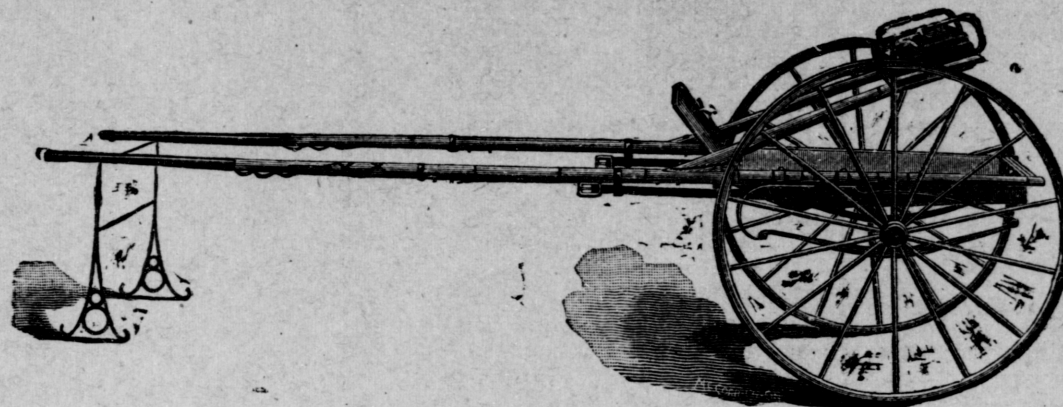

"Rights" and "the Right."

Small souls are always seeking their "rights"; great souls seek "the right." No great deed has ever been done by the absolutely independent man. There have been brilliant deeds and daring, but all lacking something of human grandeur if not under orders and in obedience to a higher will.

Jurist and Priest Plead for Pool.

At Falmouth Monday what was
planned to be celebration of Independence
Day in Pendleton county, was
turned into a rally of tobacco growers.
The celebration was to have taken
place at the fair grounds, but rain
interfered with the program, and a
great concourse gathered at the court
house to hear addresses advocating
support of the Builey tobacco pool.

Rev. Father George Bieler, of Cyn-
thiana, pleaded with growers of Bur-
ley tobacco to co-operate in their own
interests, and for the good of the
whole people of Kentucky. Judge E.
C. O'Rear of the Court of Appeals,
followed him in an eloquent argument
along the same lines, and the meeting
was closed with a striking address by
Hon. Joel B. Fort.

Probably this was the most enthusi-
astic meeting to be held during this
campaign in Pendleton county. Last
year, Pendleton was the most apathet-
ic of the large growing counties. In
contrast to that spirit, the whole body
of growers are this year enthusias-
tically in favor of the pool and there is
no rival movement of any kind.
